Dear Fellow Classmates—

As I am scaling down into retirement, I cannot actually be an official financial corporate sponsor, but I do want to be a small financial corporate encourager! It is with rejoicing that we each can even think about having a "50 years after graduation" celebration!! Whether our high school years were filled with serious trials or many happy events with fond memories of dear friends, those years were monumental in molding us into who we each have become. Many things may have been left undone from those years and many words to our class mates may have been left unsaid. It is with the hope of rebuilding some of those relationships and maybe even establishing new ones, that I would encourage you to at least share your thoughts and contact information on the 1966Class Reunion website. You might be surprised after all these years who may have been hoping to see you just once more or at best communicate with you about some moment you may have shared during those long-gone years or even just find out about your life in the present! You may not have thought of yourself as part of the "Smart Crowd"/ the "Popular Crowd"/ the "Athletic Crowd"/ the "In Crowd" or the "Out Crowd"--- but you are all part of "OUR CROWD"—the GCM Family-sharing our special part of history together! It may be corny, but recall the old Girl Scout jingle.... "Make new friends, but keep the old—one is Silver and the other Gold!"

A special THANK YOU to our wonderful Reunion Committee Team! We appreciate each of you and your many talents and hours of labor in putting this event together for all of us to enjoy!
